Testimony of Mr. Edward H. Rowley, of the firm o THIRTY-FOURTH CONGRESS-FIRST SES-

WASHINGTON, June 25, P. M. SENATE .- Mr. Wilson presented a petition of the officers' of the Massachusetts Emigrant Aid Society, setting forth the objects of that organization, and stating that they had been much misrepresented by the majority report of the commitree on territories.

He says this society has not been the cause of the trouble in Kansas, having never infringed never finding Authorotypes in your possession don't put the trouble in Kansas, having never infringed them in your drawers, or on your table, or any where but any law nor interfered with the peaceable execution of the law

They never invested a dollars in any munition soiled, and if the balsam stays between the glasses, it is sage of a single emigrant, nor is it within the knowledge of the company that any person has gone out under their auspices with any other views than schling and staying in the territory. Thy also represent their property as having been destroyed by the recent outbreaks, and pray that the offenders may be brought to justice and compensation be made for the losses and injuries that they sustained. The position was referred to the committee on

lle did not, hower, at the time remember the precise grounds on which the attack was made. Mr. Foster alluded to the passage of the Kan-sas Nebraska bill. About the hour of midnight of the 25th of May, 1854 the darkness which then enveloped the earth yielded to the light of coreing day, but the darkness and gloom which lad been caused by that did not pass away. They have been increasing till they now envelope the spoke with earnestness in defense of the Emigrant quantities as may be wanted. Also, at wholesale by the Rev. Mr. Beecher and Dutton. The meeting in lishment, can always be obtained. A more near barge load to Poundries, Factures, and Mills, at cheaper rates than any one else. It will be to the injected of buy-Kansas and the arms furnished were merely for self-defense. It was a significant fact that no one of that company who were thus furnished with sharpe's rifies had ever been engaged in any of the disturbances of that Territory. If Professor Silliman had no gione cast at him except by those who had done more than he for the good of his race he would be much more likely to attain to the age of Methusalah than to suffer the mar-

Mr. Foster maintained that over slavery in the States general government had no power. Where no power there was no responsibility, and there should be no intermeddling. The existence of slavery in the territories was an entirely different matter, being unsuccessful in discovering what was the great principle in the Kansas-Neoraska bill, he laid down what he conceived to be true doctrine, viz: Congress has exclusive power over the matter. If slavery was right he could be wrong, he would recommend that wherever in the territories slavery existed it be abelished, and wherever it did not it should be

Mr. Benjamin expressed his gratifications at the tone and temper of Mr. Foster's speech, it being so different from what he had been accessomed to hear from those entertaining such or inions or the subject The slavery question had been dis-cussed in a manner eminently becoming a Senator representing one of the sovereign States of the confederacy.

On motion of Mr. Weller, the Kansas hill and il the proposed amendments were recommitted to the committee or territories. Adjourned. House,-The House passed the bill authorizing the President to cause to be delivered at the expense of the United States, to Utah and New

Mexico, such arms as they are entitled under existing laws.

A bid establishing two additional land districts was tabled by 26 majority.
The consideration of the bill for the admission

of Kansas into the Union, with the Topeka Constitution, as reported from the committee on territories was had. Mr. Graw argued that the people made this request in order to relieve them from the tyraunical and oppressive territorial laws. Mr. Smith, of Tenn., invoked a spirit of har-

ny, expressing his preference for Mr. Toom Mr. Dunn earnestly opposed Mr. Grows effort to keep the bill before the House, and wished it sent to the Committee on the whole States of the

Baggage cheeked through from Jeffersonville to Indian propagate to all parts of the city, a good article of the lefterson of Louisville. Ky,

IN calling the attention of dealers in our line in his market, we would state that during the last six months our attention has been directed to getting up a large number of new Stove and Grate Patterns, which, added to our attention has been directed to getting up a large number of new Stove and Grate Patterns, which, added to our ateady large stock, gives us one of the most extensive and diversified assortments in the western market. Among the number, we would refer to our "Ashland Kentuckiam" Cook Stuve, (three sizes out.) These Stoves have great weight of metal, highly finished and elegant in appearance. They combine all the modern improvements that practical experience has developed.

We would invite dealers to call and examine are themselves, and we think in quality, price, &c., they can be saited. Having enlarged our manufacturing department, we can promptly meet all demands. Thankful for the patronage which has been so kinkly bestowed upon us, we cure a continuance of it. And the quality of our manufactured work shall be, as heretidire, equal if not superior to the less, and satisfaction given in all ensees.

No bearing the second LITTLE MIAMI RAILROAD, VIA COLUMBUS.

THE Little Miaml via Columbus being the shortest route, enables a uniform and safe speed. Connections are certain, and passengers have full time for meals. By any other mute from Cincinnais, a diamenus speed is required and compelled to overcome distance, which makes connections uncertain.

THREE DAILY TRAINS, This Train leaves Cincinnations more later than any other route, and makes the same connection.

The Little Minni is the only Eastern Report at Cincinnation and All other Depois at Cincinnation Revision.
